USE OF FORCE TRAINING

HANDCUFF & BATON CERTIFICATION

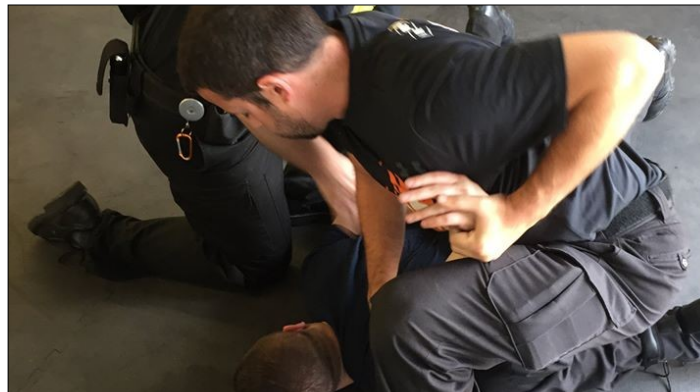

Professional Instruction

As leaders in security education, **Canadian Security Training** offers a level of instruction unmatched in today's industry. Not only do our instructors have extensive experience in adult education and training, but all of our training staff are former or currently serving police officers. This guarantees our clients the highest level of academic and training excellence.

Qualified Instructors

Responsible for the development and co-ordination of in-service Use of Force programs for police services across Ontario, members of our Use of Force training division have taught at both the Ontario and Canadian Police Colleges, as well as internationally. In their role as Use of Force experts, many of our instructors have routinely been called upon to testify in a variety of criminal proceedings. Our instructors are highly-experienced in crisis intervention and defensive techniques that work. Ensuring a consistent model of service delivery and adherence to superior training standards.

Train With The Best

What We Do

Canadian Security Training provides certified Use of Force training for private and public law enforcement including:

- Security Guards
- Bylaw Enforcement/MLEO
- Animal Control
- Parking Enforcement
- Transit Officers
- Conservation Officers

Focused On Training

Students receive both in-class academic Theory instruction and hands-on Practical scenario-based training focusing on early recognition of potential threats, de-escalation techniques and crisis management. Students gain firsthand knowledge and practical experience to make them an effective and confident member of your Team.

Academic Support

As your training partner, our commitment to professionalism extends with the diverse nature of the services we can provide, including customized training curriculum, compliance audits and full-academic tracking.

Initial and Recurrent Training

As part of our comprehensive Use of Force program, we provide both initial and annual requalification training. This includes both in-class Theory and hands-on, Practical instruction. Emphasis is placed on effective decision-making, officer safety and legislative compliance. Ensuring students not only meet the highest training standards, but strictly adhere to Use of Force legal requirements and industry best practices.

Class sizes are limited. Enrol today.
